Activity No.: PER20090001
Agency Interest No. 5849

Mr. Donald Thomas
Plant Manager
3400 McArthur Dr.
Alexandria, LA 71301

RE: Part 70 Operating Permit, Interstate Brands Corp, Alexandria, Rapides Parish, Louisiana

Dear Mr. Thomas:

This is to inform you that the permit renewal/modification for the above referenced facility has been approved under LAC 33:III.501. The permit is both a state preconstruction and Part 70 Operating Permit. The submittal was approved on the basis of the emissions reported and the approval in no way guarantees the design scheme presented will be capable of controlling the emissions as to the types and quantities stated. A new application must be submitted if the reported emissions are exceeded after operations begin. The synopsis, data sheets and conditions are attached herewith.

It will be considered a violation of the permit if all proposed control measures and/or equipment are not installed and properly operated and maintained as specified in the application.

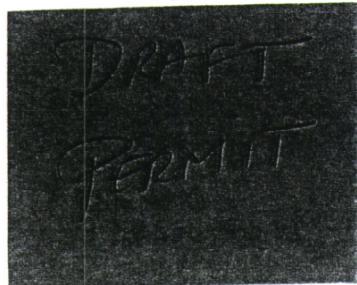

Operation of this facility is hereby authorized under the terms and conditions of this permit. This authorization shall expire at midnight on the _____ of _____, 2015, unless a timely and complete renewal application has been submitted six months prior to expiration. Terms and conditions of this permit shall remain in effect until such time as the permitting authority takes final action on the application for permit renewal. The permit number and agency interest number cited above should be referenced in future correspondence regarding this facility.

Please be advised that pursuant to provisions of the Environmental Quality Act and the Administrative Procedure Act, the Department may initiate review of a permit during its term. However, before it takes any action to modify, suspend or revoke a permit, the Department shall, in accordance with applicable statutes and regulations, notify the permittee by mail of the facts or operational conduct that warrant the intended action and provide the permittee with the opportunity to demonstrate compliance with all lawful requirements for the retention of the effective permit.

Done this _____ day of _____, 2010.

Permit No.: 2360-00088-V4

Sincerely,

PUBLIC NOTICE
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY (LDEQ)
INTERSTATE BRANDS CORPORATION
ALEXANDRIA BAKERY
PROPOSED PART 70 AIR OPERATING PERMIT RENEWAL/MODIFICATION

The LDEQ, Office of Environmental Services, is accepting written comments on a proposed renewal and modification of the Part 70 Air Operating Permit for Interstate Brands Corporation, 3400 S MacArthur Drive, Alexandria, LA 71301 for the Alexandria Bakery. **The facility is located at 3400 S MacArthur Drive in Alexandria, Rapides Parish.**

Interstate Brands Corporation requested renewal for its Alexandria Plant Part 70 Permit No. 0500-00020-V3. The company is also requesting authorization for the following changes:

1. Move the two small boilers, EP 7 and EP 7A, and a 1.1 MM BTU/HR space heater to the list of Insignificant Activities,
2. Remove the diesel and gasoline storage tanks, Emission Points EP 5 and EP 6, and
3. Update the emissions using the most recent emission factors.

Estimated emissions in tons per year are as follows:

| Pollutant | Before | After* | Change |
|------------------|--------|--------|---------|
| PM ₁₀ | 0.96 | 0.75 | - 0.21 |
| SO ₂ | 0.03 | 0.02 | - 0.01 |
| NO _x | 5.42 | 3.90 | - 1.52 |
| CO | 4.55 | 3.27 | - 1.28 |
| VOC | 198.21 | 158.49 | - 39.72 |

*Includes 6.24 tons of toxic air pollutants (TAPs).

A technical review of the working draft of the proposed permit was submitted to the facility representative and the LDEQ Surveillance Division. Any remarks received during the technical review will be addressed in the "Worksheet for Technical Review of Working Draft of Proposed Permit". All remarks received by LDEQ are included in the record that is available for public review.

Written comments, written requests for a public hearing or written requests for notification of the final decision regarding this permit action may be submitted to Ms. Soumaya Ghosn at LDEQ, Public Participation Group, P.O. Box 4313, Baton Rouge, LA 70821-4313. **Written comments and/or written requests must be received by 12:30 p.m., Wednesday, February 17, 2010.** Written comments will be considered prior to a final permit decision.

If LDEQ finds a significant degree of public interest, a public hearing will be held. LDEQ will send notification of the final permit decision to the applicant and to each person who has submitted written comments or a written request for notification of the final decision.

The permit application, proposed renewal/modification of the Part 70 air operating permit, and statement of basis are available for review at the LDEQ, Public Records Center, Room 127, 602 North 5th Street, Baton Rouge, LA. Viewing hours are from 8:00 a.m. to 4:30 p.m., Monday through Friday (except holidays). The available information can also be accessed electronically on the Electronic Document Management System (EDMS) on the DEQ public website at www.deq.louisiana.gov.

Additional copies may be reviewed at Rapides Parish Library – Headquarters, 411 Washington Street, Alexandria, LA 71301.

Inquiries or requests for additional information regarding this permit action should be directed to Dr. Hassan Ghosn, LDEQ, Air Permits Division, P.O. Box 4313, Baton Rouge, LA 70821-4313, phone (225) 219-3113.

Persons wishing to be included on the LDEQ permit public notice mailing list or for other public participation related questions should contact the Public Participation Group in writing at LDEQ, P.O. Box 4313, Baton Rouge, LA 70821-4313, by email at deqmailistrequest@la.gov or contact the LDEQ Customer Service Center at (225) 219-LDEQ (219-5337).

Permit public notices including electronic access to the proposed permit and statement of basis can be viewed at the LDEQ permits public notice webpage at www.deq.louisiana.gov/apps/pubNotice/default.asp and general information related to the public participation in permitting activities can be viewed at www.deq.louisiana.gov/portal/tabid/2198/Default.aspx.

Alternatively, individuals may elect to receive the permit public notices via email by subscribing to the LDEQ permits public notice List Server at http://www.doa.louisiana.gov/oes/listservpage/ldeq_pn_listserv.htm.

All correspondence should specify AI Number 5849, Permit Number 2360-00088-V4, and Activity Number PER20090001.

Scheduled publication date: Thursday, January 14, 2010

**AIR PERMIT BRIEFING SHEET
AIR PERMITS DIVISION
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY**

**Interstate Brands Corp
Agency Interest No.: 5849
Interstate Brands Corp
Alexandria, Rapides Parish, Louisiana**

I. Background

Interstate Brands Corporation (IBC) owns and operates a bakery which produces bread and buns. The bakery is located at 3400 S. MacArthur Drive in Alexandria, Rapides Parish, Louisiana. The bakery was initially built by Holsum Bread Company and has been in operation at least since 1969. Ownership of the bakery went from Holsum Bread to Cottons Holsum Bakery to Cotton Brothers Baking Co. and is presently owned and operated by Interstate Brands Corporation (IBC). The bakery was issued its initial Title V, Part 70 Permit No. 2360-00088-V0 on August 17, 1998. An administrative amendment was granted on April 4, 1999. The addition of a back up natural gas-fired boiler and additional label printing equipment was approved and Permit No. 2360-00088-V1 was issued on April 17, 2000. A modification consisting of updating the criteria pollutants emissions using the latest available factors for the videojet printers was approved and Permit No. 2360-00088-V2 was issued on October 13, 2004.

A request to renew the Part 70 operating Permit No. 2360-00088-V3; install a previously permitted back up boiler whose permit expired; reclassify and list some emission sources as insignificant activities; and update the emissions calculations using the most recent factors and methods was approved and Permit No. 2360-00088-V3 was issued on March 7, 2005, under which the facility is currently operating.

This is the Part 70 operating permit for the facility.

II. Origin

A permit application and Emission Inventory Questionnaire were submitted by Interstate Brands Corp on September 2, 2009 requesting renewal and modification of its Part 70 operating permit. Additional information dated December 18, 2009 was also received.

III. Description

Bread is currently produced using the sponge-dough process. Flour is received by trucks and is stored in silos. The flour is mixed with yeast, water and other minor ingredients to create a sponge that is fermented in a trough. The fermented sponge is further mixed with additional flour and other miscellaneous ingredients to create the dough. This dough is shaped and cut to form loaves, dropped into pans and conveyed through a temperature and humidity controlled environment (proof box) that allows the dough to rise. After the proofer, the dough is baked in the bread oven. The finished product is cooled, sliced, bagged, labeled with inkjet printers and loaded on trucks for shipping.

AIR PERMIT BRIEFING SHEET
AIR PERMITS DIVISION
LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY

Agency Interest No.: 5849
Interstate Brands Corp
Alexandria, Rapides Parish, Louisiana

Buns are produced using a brew system. Flour is mixed with yeast, water and other minor ingredients to create a sponge. In the brew process, the fermented sponge is pumped to a cooled holding tank and then to a mixer to form a brew where additional flour, yeast, sugar and other miscellaneous ingredients are mixed. The resulting dough is extruded through dividers, shaped and dropped into pans, travels through the proofer and baked in the bun oven. The finished product is cooled, sliced, bagged, labeled with ink jet printers and trucked off site for sales.

Approximately 48,432 tons of baked bread and 25,810 tons of baked buns can be produced at the bakery annually. The videojet printers use up to 625 gallons of ink per year for labeling packages.

IBC requests renewal of the Part 70 Operating Permit 2360-00088-V3 for its Alexandria Bakery and proposes the following actions:

1. Move the two small boilers, EP 7 and EP 7A, and a 1.1 MM BTU/HR space heater to the list of Insignificant Activities,
2. Remove the diesel and gasoline storage tanks, Emission Points EP 5 and EP 6, and
3. Update the emissions using the most recent emission factors.

Emissions at the facility originate from flour handling (associated emissions are controlled by silos equipped with cloth filters before exhausting to the atmosphere through two wall vents, EP1 and EP2), baking ovens, storage tanks, and videojet printing,

Estimated emissions in tons per year are as follows:

| Pollutant | Before | After | Change |
|------------------|--------|--------|---------|
| PM ₁₀ | 0.96 | 0.75 | - 0.21 |
| SO ₂ | 0.03 | 0.02 | - 0.01 |

IV. Type of Review

This permit was reviewed for compliance with 40 CFR 70 and the Louisiana Air Quality Regulations. Prevention of Significant Deterioration (PSD), New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) do not apply.

This facility is a minor source of toxic air pollutants (TAPs) pursuant to LAC 33:III.Chapter 51.

**AIR PERMIT BRIEFING SHEET

V. Credible Evidence

Notwithstanding any other provisions of any applicable rule or regulation or requirement of this permit that state specific methods that may be used to assess compliance with applicable requirements, pursuant to 40 CFR Part 70 and EPA's Credible Evidence Rule, 62 Fed. Reg. 8314 (Feb. 24, 1997), any credible evidence or information relevant to whether a source would have been in compliance with applicable requirements if the appropriate performance or compliance test or procedure had been performed shall be considered for purposes of Title V compliance certifications. Furthermore, for purposes of establishing whether or not a person has violated or is in violation of any emissions limitation or standard or permit condition, nothing in this permit shall preclude the use, including the exclusive use, by any person of any such credible evidence or information.

VI. Public Notice

A notice requesting public comment on the permit was published in *The Advocate*, Baton Rouge, on December XX, 2009; and in the *Alexandria Daily Town Talk*, Alexandria, on December XX, 2009. A copy of the public notice was mailed to concerned citizens listed in the Office of Environmental Services Public Notice Mailing List on December XX, 2009. The draft permit was also submitted to US EPA Region VI on December XX, 2009. All comments will be considered prior to the final permit decision.

VII. Effects on Ambient Air

Emissions associated with the proposed renewal/modification were reviewed by the Air Quality Assessment Division to ensure compliance with the NAAQS and AAS. LDEQ did not require the applicant to model emissions.

* The regulations indicated above are State Only regulations.

▲ All LAC 33:III Chapter 5 citations are federally enforceable including LAC 33:III.501.C.6 citations, except when the requirement found in the "Specific Requirements" report specifically states that the regulation is State Only.

KEY TO MATRIX

- 1 - The regulations have applicable requirements that apply to this particular emission source.
 -The emission source may have an exemption from control stated in the regulation. The emission source may not have to be controlled but may have monitoring, recordkeeping, or reporting requirements.
- 2 -The regulations have applicable requirements that apply to this particular emission source but the source is currently exempt from these requirements due to meeting a specific criterion, such as it has not been constructed, modified or reconstructed since the regulations have been in place. If the specific criteria changes the source will have to comply at a future date.
- 3 -The regulations apply to this general type of emission source (i.e. vents, furnaces, towers, and fugitives) but do not apply to this particular emission source.
 Blank – The regulations clearly do not apply to this type of emission source.

Note: Emission rates in bold are from alternate scenarios and are not included in permitted totals unless otherwise noted in a footnote. Emission rates attributed to the UNF reflect the sum of the TAP/HAP limits of the individual emission points (or caps) under this permit, but do not constitute an emission cap.

SPECIFIC REQUIREMENTS

AI ID: 5849 - Interstate Brands Corp
 Activity Number: PER20090001
 Permit Number: 2360-00088-V4
 Air - Title V Regular Permit Renewal

CRG 0001 S123456 - Silos Filter Requirements

Group Members: EQT 0012 EQT 0013 EQT 0014 EQT 0015 EQT 0016 EQT 0017

- 1 [LAC 33:II.501.C.6] Particulate matter (10 microns or less) >= 96 % removal efficiency from filter manufacturer's certification.
 Which Months: All Year Statistical Basis: None specified
- 2 [LAC 33:II.507.H.1.a] Filter vents: Equipment/operational data recordkeeping by electronic or hard copy daily. Keep the purchase order or manufacturer certification showing that the installed filters meet the Manufacturer's specification for particulate matter removal efficiency or the filter MERV rating, as applicable; records of visible emissions checks or differential pressure gauge readings, as applicable; and records of maintenance activities. Keep records on site for a period of at least five years and available for review by the Office of Environmental Compliance.

CRG 0002 EP1-EP2 - Flour Room Vents Requirements

Group Members: EQT 0006 EQT 0007

- 3 [LAC 33:II.1311.B] Total suspended particulate <= 31.3 lb/hr. The rate of emission shall be the total of all emission points from the source.
 Which Months: All Year Statistical Basis: None specified
- 4 [LAC 33:II.501.C.6] Building vent: Opacity <= 20 percent average of the shade or appearance of the emission during the first ninety seconds of startup of a unit routed to the filter and for one minute following the installation of new filters or the cleaning of existing filters.
 Which Months: All Year Statistical Basis: None specified
- 5 [LAC 33:II.507.H.1.a] Building vents: Visible emissions recordkeeping by electronic or hard copy upon occurrence of event (unloading of the flour truck into the silo). Keep records of visual checks on site and available for inspection by the Office of Environmental Compliance, Surveillance Division.
- 6 [LAC 33:II.507.H.1.a] Building vent: Visible emissions monitored by visual inspection/determination upon each occurrence (unloading of the flour truck into the silo).
 Which Months: All Year Statistical Basis: None specified

EQT 0008 EP3A - Bread Oven Front Stack

- 7 [LAC 33:II.1101.B] Opacity <= 20 percent, except during the cleaning of a fire box or building of a new fire, soot blowing or lancing, charging of an incinerator, equipment changes, ash removal or rapping of precipitators, which may have an opacity in excess of 20 percent for not more than one six-minute period in any 60 consecutive minutes (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified
- 8 [LAC 33:II.1313.C] Total suspended particulate <= 0.6 lb/MMBTU of heat input (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified

EQT 0018 EP4A - Bun Oven Front Stack

- 9 [LAC 33:II.1101.B] Opacity <= 20 percent, except during the cleaning of a fire box or building of a new fire, soot blowing or lancing, charging of an incinerator, equipment changes, ash removal or rapping of precipitators, which may have an opacity in excess of 20 percent for not more than one six-minute period in any 60 consecutive minutes (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified

EQT 0018 EP4A - Bun Oven Front Stack

10 [LAC 33:III.13.13.C]

Total suspended particulate <= 0.6 lb/MMBTU of heat input (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified

EQT 0020 EP3B - Bread Oven Rear Stack

11 [LAC 33:III.1101.B]

Opacity <= 20 percent, except during the cleaning of a fire box or building of a new fire, soot blowing or lancing, charging of an incinerator, equipment changes, ash removal or rapping of precipitators, which may have an opacity in excess of 20 percent for not more than one six-minute period in any 60 consecutive minutes (Complies by using sweet natural gas as fuel).

Which Months: All Year Statistical Basis: None specified

12 [LAC 33:III.13.13.C]

Total suspended particulate <= 0.6 lb/MMBTU of heat input (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified

EQT 0021 EP4B - Bun Oven Rear Stack

13 [LAC 33:III.1101.B]

Opacity <= 20 percent, except during the cleaning of a fire box or building of a new fire, soot blowing or lancing, charging of an incinerator, equipment changes, ash removal or rapping of precipitators, which may have an opacity in excess of 20 percent for not more than one six-minute period in any 60 consecutive minutes (Complies by using sweet natural gas as fuel).

Which Months: All Year Statistical Basis: None specified

14 [LAC 33:III.13.13.C]

Total suspended particulate <= 0.6 lb/MMBTU of heat input (Complies by using sweet natural gas as fuel).
 Which Months: All Year Statistical Basis: None specified

UNF 0001 IBC - ALX - Alexandria Bakery

15 [40 CFR 61.145(b)(1)]

Provide DEQ with written notice of intention to demolish or renovate prior to performing activities to which 40 CFR 61 Subpart M applies. Delivery of the notice by U.S. Postal Service, commercial delivery service, or hand delivery is acceptable. Subpart M. [40 CFR 61.145(b)(1)] Do not install or reinstall on a facility component any insulating materials that contain commercial asbestos if the materials are either molded and friable or wet-applied and friable after drying. Subpart M.

16 [40 CFR 61.148]

All affected facilities shall comply with all applicable provisions in 40 CFR 61 Subpart A. Comply with the standards for recycling and emissions reduction pursuant to 40 CFR Part 82, Subpart F, except as provided for Motor Vehicle Air Conditioners (MVACs) in Subpart B.

17 [40 CFR 61.]

Emissions of smoke which pass onto or across a public road and create a traffic hazard by impairment of visibility as defined in LAC 33:III.1111 or intensify an existing traffic hazard condition are prohibited.

18 [40 CFR 82.Subpart F]

Outdoor burning of waste material or other combustible material is prohibited.

19 [LAC 33:III.1103]

Emissions of particulate matter which pass onto or across a public road and create a traffic hazard by impairment of visibility or intensify an existing traffic hazard condition are prohibited.

SPECIFIC REQUIREMENTS

AI ID: 5849 - Interstate Brands Corp
 Activity Number: PER20090001
 Permit Number: 2360-00088-V4
 Air - Title V Regular Permit Renewal

UNF 0001 IBC - ALX - Alexandria Bakery

- 22 [LAC 33:III.2113.A] Maintain best practical housekeeping and maintenance practices at the highest possible standards to reduce the quantity of organic compounds emissions. Good housekeeping shall include, but not be limited to, the practices listed in LAC 33:III.2113.A.1-5.
- Failure to pay the prescribed application fee or annual fee as provided herein, within 90 days after the due date, will constitute a violation of these regulations and shall subject the person to applicable enforcement actions under the Louisiana Environmental Quality Act including, but not limited to, revocation or suspension of the applicable permit, license, registration, or variance.
- An individual or company contracted to perform a demolition or renovation activity which disturbs RACM must be recognized by the Licensing Board for Contractors to perform asbestos abatement, and shall meet the requirements of LAC 33:III.5151.F.2 and F.3 for each demolition or renovation activity.
- Comply with the Part 70 General Conditions as set forth in LAC 33:III.535 and the Louisiana General Conditions as set forth in LAC 33:III.537.
 [LAC 33:III.535, LAC 33:III.537]
- Submit standby plan for the reduction or elimination of emissions during an Air Pollution Alert, Air Pollution Warning, or Air Pollution Emergency. Due within 30 days after requested by the administrative authority.
- During an Air Pollution Alert, Air Pollution Warning or Air Pollution Emergency, make the standby plan available on the premises to any person authorized by the department to enforce these regulations.
- Submit Emission Inventory (EI) Annual Emissions Statement: Due annually, by the 31st of March for the period January 1 to December 31 of the previous year unless otherwise directed. Submit emission inventory data in the format specified by the Office of Environmental Assessment. Include all data applicable to the emissions source(s), as specified in LAC 33:III.919.A-D.
